DISTRICT III RIFLE PISTOL SHOOT

The Pandemic resulted in the cancellation of the 2020 District III 4-H rifle and Pistol Shoot. But it was back bigger and better in 2021. This year's shoot is the largest ever, with 107 youth participating from 12 counties and firing 6,000 shots. The youth range from eight to eighteen years old. The event consisted of various rifle and pistol events designed to test the marksmanship of the junior, intermediate and senior age groups. The junior age group shoots two rifle targets and three pistol targets, intermediates shoot three rifle targets and three pistol targets and the seniors shoot six rifle targets and three pistol targets. All of the participants demonstrated exceptional gun safety and marksmanship skills. They have practiced these skills over the past year in the Counties 4-H Shooting Sports Program. This event is the culmination of all of their work and effort. Clay County won the coveted Top County Trophy for 2021. The top senior shoots were Trynt Talley, from Palo Pinto County, with a score of 647; and Cole Tye, from Clay County, with a score of 568. (They were awarded Silver Belt Buckles.) The top Intermediate shooters were Michael Zinn, from Palo Pinto County, with a score of 364; and Abby Pruitt, from Clay County, with a score of 354. (They were awarded Silver Belt Buckles.) The top Junior shooters were Graham Gonzenbach, from Clay County, with a score of 428; and Eleanor Powell, from Parker County, with a score of 255. (They were awarded Silver Belt Buckles.) This was truly a family event with well over 150 parents and grandparents attending. Lunch was amazing grilled hamburgers, salad, chips, and beans. Everybody had a good time and enjoyed a great day of shooting. Many thanks to the 30 plus volunteers who served as Range

these events. 4-H RIFLE/PISTOL: Kroes stated that they had 107 registered out of 12 counties!!! The largest ever turnout! There are 33 counties in District III. They have 28 volunteers but could use a couple more Range Officers. He thanked the Gun Club for the use of their building. Eric is working on an automating the scoring program. He also thanked everyone for their help. PISTOL: Binnion reported that they were into the third week of the league. They have had good turnouts so far. They did have to cancel 1 night due to weather. He noted that he cleaned his first target and had everyone sign it. He attended the Texas State Indoor Match in Amarillo with 3 others. They experienced several issues but everyone got a chance to shoot. The same group will be going to Dallas in 2 weeks. Camp Perry trip will include: Kroes, Binnion and Charisma Owen so far. RIFLE: Charisma gave a quick report and noted that she won but did not break 490 and was disappointed. Everyone had fun and she's working on improving. GUN SHOW: Johnson said the Gun Show will be May 22-23. **HE NEEDS VOLUNTEERS TO HELP COVE BOTH DAYS AND WOULD LIKE AT LEAST 6.** HUNTERS ED: Jones stated that no date has been set as of yet but will be late July or early August. OLD BUSINESS: Chaddick reported that Tim Owen and Kroes have come up with a materials list at a cost of $2,500.00 to repair the pistol shack. Jones motioned to approve expenditure to fix it. Bedwell and Coughran seconded the motion and the motion was approved. Chaddick said the Tent Camp was set up for May 8th. He has contacted the Boy Scouts to help out and the City for approval. Currently there are 2 cast iron cooking experts on board, Kenny Lemon and Steve Mills (who is a former Scout Master). The cooking will be for demonstration purposes only, not a meal. They may provide samples to those who come out. The Scouts may cook out over open fire for themselves and they want to do some fishing. There was a press release on Channel 3 last night. Mike Hendrin who has a radio show is also promoting. He was invited to the District Shoot as well. Scouts will demonstrate how to set up different types of tents. Chaddick feels it's an opportunity for parents to learn. Jones spoke on the June 19th Kids Fishing Rodeo and Learn to Fish Day. The Kids Fishing Rodeo will have 4 age groups for children up to 12 years old. We will serve hotdogs and chips. We will need lots of volunteers both inside the building and out at the pond from 10:00 am to 1:00 pm. Spangler stated that the Girls Fishing Trip will be June 12th. Johnson inquired why we don't have a boys fishing trip as well. Chaddick explained that's something that's being worked out with the property owners. NEW BUSINESS: Culley explained the cost for Builder's Lumber ($335.00). He ordered 10 sheets at $33.50 per sheet. He noted that the price could possibly reach as much, or more than, $50.00 per sheet by September. He gets 2 target boards out of each sheet. He ordered the least expensive he could but we will need to be ready to address it as the cost goes up. He also stated that ammo is hard to come by. He did not purchase from Vista last fall and is currently going through 3 flats a week with the 4-H youth. Roughly 30 boxes every Tuesday. He believes that he has enough to get through the District match next month but it depends on the out of town youth coming in. They will need to establish a cost if they need to purchase at the match. He said he's hoping Vista will come out with their spring promo and discussion followed as to how may flats he should order if they offer it. Johnson motioned and Coughran seconded the motion to purchase 100 flats of shotgun shell for the 4-H program. The motion passed. Chaddick said the membership drive is still going on. He asked the directors if they've talked with anyone about

joining and that they please talk to their friends, relatives, etc. About joining. Steve Mills spoke about the Tent Camp on May 8th. Mary Owen stated that Junior Service Rifle will start practice on Sunday, April 25th at 5:00. They have 2 registered so far. The program is open to youth ages 12-20. She would like to see the program grow. Linda Carr motioned to adjourn and Jones seconded. The meeting was adjourned at 8:00. The next meeting will be May 27, 2021.

STICKY SITUATION

A McLennan County Game Warden was responding to a trespassing call from a landowner when the warden came upon the suspect stuck in the mud. The warden interviewed the suspect and discovered that they had also burglarized a vehicle while trespassing. The landowner identified the stolen property and it was returned. The suspect was arrested for burglary of a vehicle and criminal trespass.

FROM THE RANGE

We thank those that have taken the time to send in comments. If you have not heard back from me personally, please call me direct at LeRoy Chaddick 940-631-8039. Your input is important! Addressing the comments regarding trash; I want to point out that each person is responsible for properly disposing of their own trash. Old targets, ammo packaging, fast food trash, plastic bottle, etc needs to be placed in the range trash can, and if that is full there is a dumpster a short walk from the range. We are an ALL VOLUNTEER organization. We strive to provide the safest, most convenient, and best range that we can offer. The common sense rule of leaving it better than you found it will go a long way in keeping OUR range looking better. We ask each member to do their part by removing old targets, picking up their trash, and disposing of it properly.

CATFISH STOCKING

Spring is in the air and with that comes one of Texas' best spring traditions, angling for catfish. The Texas Parks and Wildlife Department's Neighborhood Fishing' program enables friends and families to stay close to home, enjoy time in the outdoors, and have the chance to reel in a catfish. Starting the week of April 23, TPWD will begin stocking thousands of catfish at 18 Neighborhood Fishin' lakes, including five in Dallas-Fort Worth, four in Houston area, two each in the Austin and San Antonio areas, and one each in Amarillo, College Station, San Angelo, Waco, and Wichita Falls. "Neighborhood Fishin' lakes are conveniently located in urban and suburban areas so that Texans don't have to travel to have a great experience," said Craig Bonds, Director of Inland Fisheries. "Catfish are fun and easy to catch for anglers of all ages and experience levels. If you've never fished before, these are the perfect places to get started. If you are an experienced angler, these are the perfect places to introduce fishing to a friend or family member. Each of the lakes will receive channel catfish every two weeks through the end of October–with a brief pause during the heat of August. Neighborhood Fishin' lakes are located in city and county parks with ample parking, restrooms, lighting, and other recreational amenities, in addition to

fishing. All anglers can keep up to five catfish of any size per day without a minimum length limit. At some locations, cleaning tables are available nearby to make it easy for families to clean their catch. Children under 17 fish for free, but a fishing license is required for adults who fish. Fishing licenses can be purchased for as little at $11 for "one-day, all-water" access. All proceeds go toward management and conservation of the fish and their habitats. To find the Neighborhood Fishin' lake near you or to sign up for email updates, visit www.neighborhoodfishing.org. Stocking location information and dates can also be found on the Neighborhood Fishin' website. Anglers are encouraged to use common sense to stay safe and help protect themselves and others. Masks are encouraged in crowded areas when it is difficult to maintain a safe physical distance. Neighborhood Fishin' is supported by the Texas Parks and wildlife Foundation through a donation from the 2020 Toyota Bassmaster Texas Fest and many local partners across the state.

TOYOTA SHARELUNKER PROGRAM ENJOYS BANNER SEASON

The 2021 Toyota ShareLunker collection season will go in the books as one of the best in the history of the program. Anglers landed 23 Share-Lunkers at 10 different lakes across the state, the most during a January through March timespan since the 1995 season which produced 27. Five new lake records were established, four lakes made their mark on the program with a first ever entry, and milestone ShareLunker 600 was caught in this year's group. "This Toyota ShareLunker collection season was simply historic in so man ways, we live for seasons like this," said Tom Lang, Director of the Texas Freshwater Fisheries Center. "We're grateful that so many angler caught their fish of a lifetime this season and then decided to share their lunker with us so we can make more of these bigger better bass for future generations of anglers." It didn't take long for the action to start thanks to angler Travis Moore, who reeled in the 13.44-pound ShareLunker 586 out of Same Rayburn Lake January 9. Three more January Legacy Lunkers followed beginning with CJ Oates' 13.02-pound fish from Lake Austin January 15, the first entry for the lake since 2014. On January 29, Derek Munday brought in ShareLunker 588 weighing 13.62 pounds from Sam Rayburn, then angler Daniel Ramsey reeled in ShareLunker 589 with a weight of 13.07-pounds from Lake Palestine. The cold snap in February didn't slow down the Lunkers when angler Joe McKay of Bussey, Iowa kicked off an incredible hot streak at O. H. Ivie Friday night Feb. 19 with the massive 16.40-pound ShareLunker 590. It would prove to be the largest Legacy Lunker of the season, a new lake record and the 16th biggest largemouth bass in state history. The catch began a run of eight Lunkers in eight days, with six coming from O. H. Ivie. Angler Josh Jones of Sapulpa, Oklahoma reeled in ShareLunker 591 and 596, Donald Burks logged ShareLunker 592, Brett Cannon of Willis, Texas caught ShareLunker 593, and Casey Sobczak from The Woodlands, Texas produced ShareLunker 594 to account for O. H. Ivie's six during the span. Scott Stephens secured ShareLunker 595 from Lake Conroe and Trace Jansen of Buda, Texas wrapped up the month with the record setting 15.32-pound ShareLunker from Lake Travis. The month of March brought in 10 more Lunkers to close out the 2021 collection season. Lake Fork was the site for

ShareLunker 598, which was reeled in by Stan Tencza of Yantis, Texas. Angler Travis Gill of Amarillo, Texas recorded ShareLunker 599 at O. H. Ivie, and Jason Gaston from San Angelo, Texas had the honor of pulling in the milestone ShareLunker 600 at O. H. Ivie. ShareLunker 601 followed shortly when it reached the boat of Jim Smith of Weatherford, Texas out of O. H. Ivie. C. R. Stevenson III of Clyde, Texas established a new Coleman City Lake record with ShareLunker 602 at 14.83 pounds. Jimmy Faulkner of Carlsbad, New Mexico and James Crawford of Whitehouse, Texas were the next anglers to join the program in 2021 with a Legacy Lunker. Faulkner caught the 10th fish of the season out of O. H. Ivie which went in the books as ShareLunker 603. Crawford put Lake Tyler on the board with the lake's first ever Legacy Lunker. ShareLunker 604 weighed 15.44-pounds and created a new lake record. It was also the second largest Lunker of the season. The 2021 collection season closed out in style with another run of four Lunkers. Anglers Jeff Windham and Greg Denison of Brownwood, Texas along with angler Donald Moore of Rhome, Texas combined forces to produce the second triple Lunker day of the season. Windham (ShareLunker 605) and Denison (ShareLunker 606) landed their fish at O. H. Ivie while Moore (ShareLunker 607) reeled in an Eagle Mountain Lake record at 13.08-pounds, the first Legacy fish to come from the lake. Then on that Sunday, Tanner Spurgin of McKinney, Texas capped the 2021 season with the second catch of the year from Lake Fork. ShareLunker 608 tipped the scales at 15.27-pounds and in addition to being the fifth fish over 15 pounds this year, became the 23rd overall in the 2021 season.
